# Pre-Chiropractic

(AS.PCHI) Associate in Science Degree

The following courses are recommended for Pre-Chiropractic students. These courses meet the Pre-Chiropractic transfer requirements for the Logan College of Chiropractic. Upon completion of this course sequence, pre-Chiropractic students will receive an associate in science degree. This is a sample list of major requirements. Consult a counselor or academic advisor before registering. Four-year college requirements vary from college to college.

Specific graduation requirements are identified through degree audit. Additional developmental courses in math, reading and English may be required based on placement scores.
